NON-GMO STATEMENT

Anchor Yeast hereby certifies that the following products:

WINE YEAST NUTRIENTS :

ANCHORFERM, NUTRIVIN and NUTRIVIN SUPER

We hereby certify that modern gene technology has not been applied in the production of wine yeast nutrients produced by Anchor Yeast. That is, neither the inactivated yeast nor any of the other components used have been genetically modified in any way.

Anchor Yeast is committed to supplying all relevant information on its products to its customers and in particular to ensuring that clear information is provided regarding the way in which its products are produced.

Anchor Yeast is aware of its responsibility to produce safe and good quality products, and in this regard, Anchor Yeast's Quality Management System is certified to ISO 9001:2008 and FSSC 22000.

This statement is based on the following food legislation

* EC Commission Regulation 207/93 of January 29, 1993 defining the content of Annex VI of 2092/91

* Regulation (EC) No 1829/2003 on Genetically Modified Food and Feed

* Codex Alimentarius standard “Guidelines for the production, processing, labelling
