**Last revision** **28-02-2014**

DSM Food Specialties B.V. is aware of the existence of legislation<sup>1</sup> on Genetically Modified (GM) Food in various countries and wants to be transparent in the information supplied to our customers about our products<sup>2</sup>.

Regarding the product with the above mentioned brand name we can inform you that:

- It has not been genetically modified according to the definition of Regulation (EC) No 1829/2003 of the European Parliament and of the Council (22 September 2003) on genetically modified food and feed.
- No micro-organisms are used in the production process.

If you feel any need for further information, please do not hesitate to contact your account manager.

<sup>1</sup>Most relevant: Regulation (EC) No 1829/2003 on Genetically Modified Food and Feed.

<sup>2</sup>For more information on the use of biotechnology by DSM, please, have a look at our web-site:

[DSM's position on modern biotechnology](#)

Although diligent care has been used to ensure that the information provided herein is accurate, nothing contained herein can be construed to imply any representation or warranty for which we assume legal responsibility, including without limitation any warranties as to the accuracy, currency or completeness of this information or of non-infringement of third party intellectual property rights. The content of this document is subject to change without further notice. This document is non-controlled and will not be automatically replaced when changed. Please contact us for the latest version of this document or for further information. Since the user's product formulations, specific use applications and conditions of use are beyond our control, we make no warranty or representation regarding the results which may be obtained by the user. It shall be the responsibility of the user to determine the suitability of our products for the user's specific purposes and the legal status for the user's intended use of our products.
