

Non – GMO Statement

MAXAFERM[®], EXTRAFERM[®], NATUFERM[®]PURE, NATUFERM[®]BRIGHT, NATUFERM[®]FRUITY, NATUFERM[®]INTENSE

Oenobrand is aware of the existence of legislation¹ on Genetically Modified (GM) Food in various countries and wants to be transparent in the information supplied to our customers about our products.

Regarding the product with the above-mentioned brand name we can inform you that:

- These products are derived from yeast cultures of *Saccharomyces cerevisiae*, which have not been modified by modern genetic techniques (rDNA technology including self cloning).
- To the best of our knowledge, all raw materials used during the manufacturing process do not contain genetically modified nor recombinant DNA materials.
- The products, as listed above, are intended to be used in food processing.

¹ Most relevant: Regulation (EC) No 1829/2003 on Genetically Modified Food and Feed, and 1830/2003 on traceability and labelling of genetically modified organisms.
